## Notice of Conditional Acceptance

Within the universal maxim of law 'notice to agent is notice to principal and notice to principal is notice to agent'. All addressed parties Jointly and Severally as well as their Successors, Nominees, Agents and Assigns.

Regarding claim reference:.....

Please be aware that this is a lawful Notice, a lawful instrument that requires your urgent attention. This 'Notice of Conditional Acceptance' shall be used as evidence in the defence of any accused, if this matter should go to any Court.

Your agents, employees of the business WESTERN AUSTRALIA POLICE ABN 91 724 684 688, Trading as Western Australian Police, have claimed that the living man/woman, .....  
Subject of the Commonwealth, private entity, .....  
Agents referred to the legal fiction ....., did not address the private entity standing as a Subject of the Commonwealth, .....

The claim has been accepted for its value and consideration upon proof of claim, evidence that WESTERN AUSTRALIA POLICE ABN 91 724 684 688, Trading as Western Australian Police ("the business"), or its agents:

- have Commonwealth jurisdiction, powers of authority to make lawful demands upon a Subject of the Commonwealth, a private entity, exercising their Constitutional right to travel freely and without hindrance within the Commonwealth of Australia,
- have proof of claim of any allegations, sworn to be absolutely true and correct, not misleading or based upon hearsay or presumption,
- can provide evidence that the employees of the business are Commissioned officers of the Crown, with lawful authority to enforce law, being their Oath pursuant to the Australian Constitution Act 1900 ("Constitution"), pledge including "I do swear that I will be faithful and bear true allegiance to Her Majesty Queen Victoria (or Queen Elisabeth II), Her heirs and successors according to law. So help me God!",
- can provide evidence that the employees of the business had lawful jurisdiction within the boundaries said to be "South Australia" or "Western Australia" as the interaction between the employees and the living man/woman has been found by a qualified surveyor (and confirmed with Google maps), to be on "South Australian" soil, not "Western Australian" soil,
- can provide clarification of who the agents serve, ie. the People or the "Government",
- can provide evidence that "Emergency Management Act 2005" is valid law, was created by a State Parliament of the Federal Commonwealth under the Crown, showing evidence, copy of certified proclamation of Royal Commission of Assent, pursuant to the Constitution,
- have established Subject Matter Jurisdiction, and have first hand personal knowledge or Authority, to make any such determination, judgement or claim,
- is a living spirit within the body of a man or woman, and not a corporate entity, or other fictitious WORDMARK or TRADENAME,
- and that there is any lawful money in circulation, backed by anything of value with which to pay any penalty, if a penalty were to be lawfully applied.

I have not seen, nor am I in possession of any material, evidence or otherwise that demonstrates any of the above.

The affidavit of facts regarding .....[Josephine, born of the family Bloggs](#).....('me', 'I'), travelling within and across the Commonwealth recently are as follows:

- .....[Josephine](#)..... was exercising their Constitutional right to travel freely and without hindrance within the Commonwealth, according to our Constitution, the Supreme Law of this land,
- was travelling upon and within Commonwealth jurisdiction,
- was not carrying any fruit, vegetable or organic matter that may be deemed a quarantine risk,
- has not been assessed by an authorised medical or biosecurity officer, nor named in any Biosecurity Control Order, pursuant to the Biosecurity Act 2015 (Cmth), is (and was) healthy and was not displaying any symptoms of any disease.
- provided a "G2G Rapid Entry" paper form "conditionally and without waiver of any rights under the Commonwealth".

To deal with me you must be dealing in Common Law under the Authority of our Commonwealth of Australia Constitution Act 1900, not the Annotated Constitution of the Australian Commonwealth, Revised Edition, nor any "Emergency Act" created by an invalid "government".

..[Josephine, born of the family Bloggs](#)..., Subject of the Commonwealth, Private Entity, has not committed any crime or "offence".

Should you wish to contact me with regard to any matter, only a reply that meets the following criteria qualifies as a proper and verified reply;

1. It must be supported by an Affidavit with full legible name, title and wet ink signature and address for service, sign and sworn or affirmed by any claimant as being true, correct, complete, certain and not intended to mislead and under the claimants full commercial liability and penalty for perjury, and
2. Must include full and detailed supporting evidence to support your claims in the Affidavit.
3. Incorrectly addressed mail will be returned unopened and unread without dishonour. All correspondence must only be sent by Registered Mail to ensure a record of delivery. Without such evidentiary record, Claimant should not take any action that is based on the supposition that such correspondence was received. If the Claimants take any action, they will be liable for all resulting charges or damages they cause to me, my family, pets or property.
4. I/We do not consent or authorise to be contacted by telephone, text message, personal visit or by any other method other than by Registered Mail.

This Notice of Conditional Acceptance shall be used as evidence should any matter be brought before any court.

I have attached a Fee Schedule for future correspondence.
